

# NEW ShippyPro Optimizer®

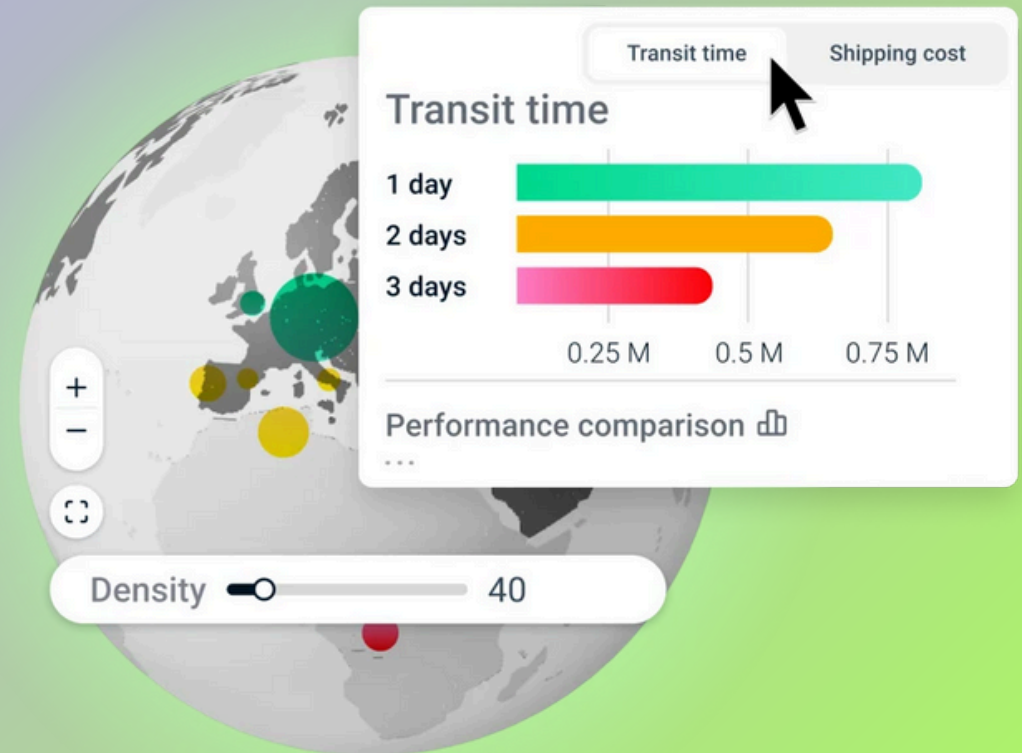

Your shipping performance revealed

Struggling to track carrier delays, delivery costs, transit times or spot geo-localized customer issues to scale your strategy internationally?

Discover Optimizer® and get complete visibility on your shipping KPIs to improve delivery performance, reduce costs and elevate your customer experience. Your shipping data holds the answers—unlock them.

## ENTER THE FUTURE OF SHIPPING INTELLIGENCE

Streamline operations and elevate your customer experience.

# BENEFITS

## Cut shipping costs & uncover hidden expenses

Spot optimization opportunities by monitoring costs per regions, Carriers & services.

## Boost delivery performances, worldwide

Analyze carrier performance to uncover optimization opportunities with your partners.

## Improve your customer experience

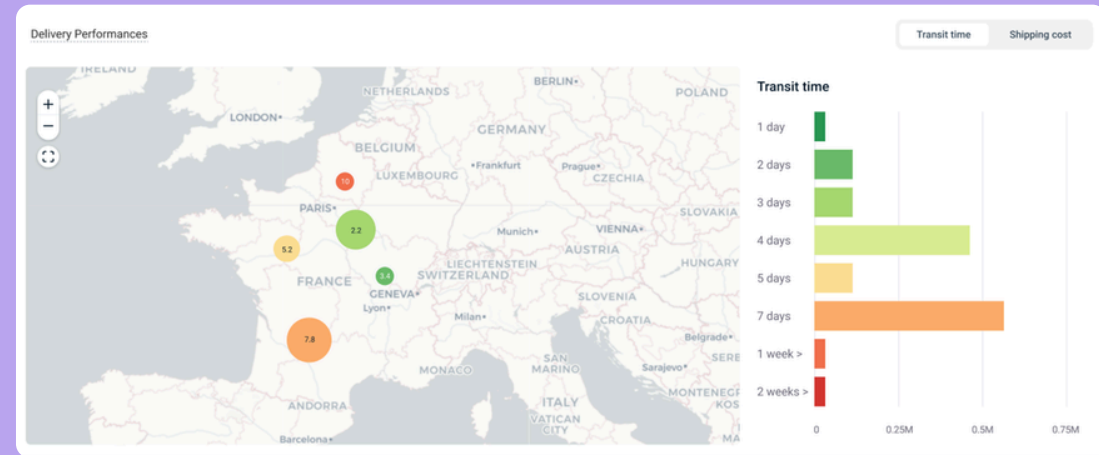

Identify bottlenecks, resolve exceptions before they escalate, and reduce delays and returns.

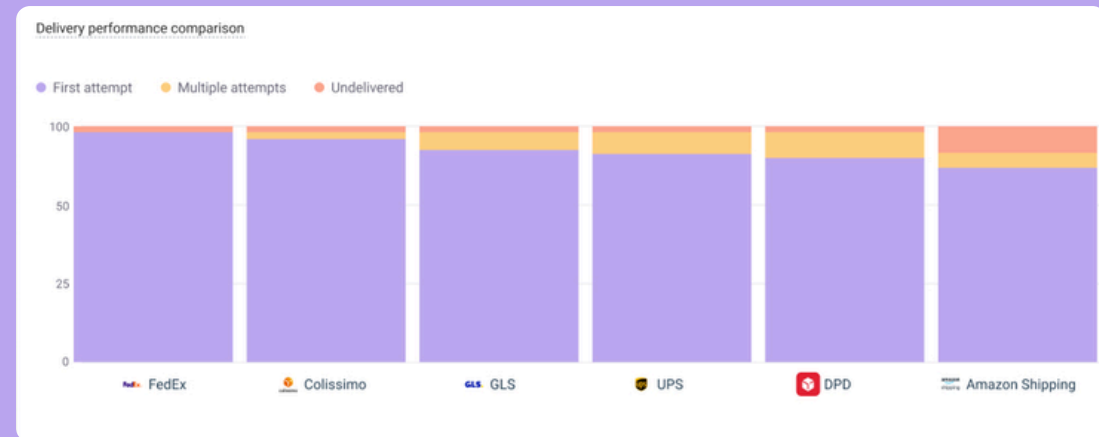

“Optimizer allows us to identify potential delivery delays in advance, improving the customer experience while also reducing contacts with customer care.”

## Geo-localized transit time to improve your performances

## Monitor carrier performances by carrier or service
